Negative stories make the news. Drama and conflicts, victims and villains. They are our modern world. Or are they? This revised second edition on constructive news challenges the traditional concepts and thinking of the news media.

It shows the consequences media negativity has on the audience, public discourse, the press and democracy as a whole.

The book also explores ways to change old news habits and provides hands-on guidelines on how to do so. Moreover, the book presents numerous examples from the author's ten-year tenure as executive director of news at the Danish Broadcasting Corporation where he led a successful paradigm shift in news production. Constructive News is a wake-up call for a media world that struggles for a future, as well as an inspirational handbook on the next megatrend in journalism.

Throughout history, various companies have been involved in various human rights violations.
